## When the ship hits the fan:

- Basic math
- 15 years old, worth < \$5m, small private operators
- Popular places to abandon ships
- Fragmented global nature
- Impact of abandoned vessels
- Pandemic

Camargue

Specialised Liability Management

“Abandonment is an insidious and ongoing issue in the sector, trapping crew in unacceptable conditions on board, leading to a loss of income and in some cases, resulting in indentured servitude”

*Human Rights at Sea Founder David Hammond*
